Investments. Insurance. Advice.

Co-operators Life Insurance Company | June 30, 2022

#### Who is this Fund for?

For investors seeking interest income and a high level of liquidity with a short to medium-term investment horizon. Investors should be comfortable with small ups and downs of the market.

#### How much does it cost?

The following shows the fees and expenses you could pay to buy, own, and sell units of the fund.

##### 1. Sales Charges

This is a no load product. There are no deferred sales charges. When you make a deposit, Co-operators does not pay your financial representative a commission. 100% of the assets received by Co-operators are used to buy units.

##### 2. Ongoing Fund Expense

The Management Expense Ratio (MER) includes the management fee and operating expenses of the fund. The MER includes the insurance cost for the guarantee. You do not pay these expenses directly. They affect you because they reduce the return you get on your investment. For details about how the guarantee works, see your Policy and Information Folder. For details on the MER, please see the Information Folder.

##### 3. Trailing Commission

For the services and advice provided to you, Co-operators pays your financial representative a trailing commission for as long as you own segregated funds. The annual trailing commission of 0.10% is paid from the management fee and is based on the value of your fund assets.

##### 4. Other Fees

You may pay other fees when you sell or transfer units of the fund.

Withdrawal service fee	\$25 after the first withdrawal each calendar year
Interfund transfer fee	\$20 after the fourth interfund transfer each calendar year

#### What if I change my mind?

You can change your mind within two business days of the earlier of the date you received confirmation or five business days after it is mailed. You have to tell us in writing (email, fax, or letter) that you want to cancel. The amount returned will be the lesser of the amount you invested or the value of the fund if it has gone down.
