## How risky is it?

The value of your investments can go down. Please see the Information Folder for further details.

## Are there any guarantees?

This segregated fund is being offered under an insurance contract. It comes with guarantees that may protect a policyholder's investment if the markets go down. The Management Expense Ratio (MER) includes the insurance cost for the guarantee. For details please refer to Guarantees on Policies Invested in Segregated Funds in the Information Folder and Policy.

## Who is this Fund for?

For investors seeking a diversified portfolio with a strong weighting towards income-producing Canadian bonds. Investors should be comfortable with small ups and downs of the market.

## How much does it cost?

The following table shows the fees and expenses you could pay to buy, own and sell units of the fund.

### 1. Sales Charges

Surrender Charge Option	What you pay	How it works
Back-end load	If you sell all of your funds in: Less than 2 years      5% 2, but less than 3      4% 3, but less than 4      3% 4, but less than 5      2% 5, but less than 6      1% After 6 years              0%	When you make a deposit, Co-operators pays your financial advisor a commission of 3%. The Deferred Sales Charge is a set rate. It is deducted from the amount that you sell. For all savings plans, you can sell up to 10% of the sum of the value of your previous years' last valuation day and the contributions made to-date in the current calendar year without paying a Deferred Sales Charge. For all income plans, you can sell up to 20% of the sum of the value of your previous years' last valuation day and the contributions made to-date in the current calendar year without paying a Deferred Sales Charge. You can switch to units of other funds within the same guarantee option without paying a Deferred Sales Charge. The sales charge schedule will be based on the day you invest in your first fund.

### 2. Ongoing Fund Expense

The Management Expense Ratio (MER) includes the management fee and operating expenses of the fund. The MER includes the insurance cost for the guarantee. You do not pay these expenses directly. They affect you because they reduce the return you get on your investment. For details about how the guarantee works, see your Policy and Information Folder. For details on the MER, please see the Information Folder.

No-load	0.70%

### 3. Other Fees

You may pay other fees when you sell or transfer units of the fund.
